Meeting Schedule: November 6, 2010, February 26, 2011, June 4, 2011 (all presently scheduled at the Jefferson Community Center)

Roads will be graded and ditches pulled in September or October.

Ditches and lot around Michigan Hill Road and Georgia Pass Lookout will be mowed this fall to eliminate some snow buildup.

Be aware that when it is determined that the North Entrance can no longer be maintained in the winter, it will be closed. We do our best to keep it open, but old man winter does not always cooperate. Take a look at the signs located on Michigan Hill Road at Selkirk, Georgia Pass Lookout at Selkirk and Glacier Peak View for closures. We will also try and have this on the website.

When dumping slash and trees in the burn pit, please make sure to keep inside the perimeter of the berm. Work from the center out on both ends, and keep as much of the slash and trees off the berm as possible. Thank you for your cooperation.

There is no work days scheduled.

After Labor Day (September 6, 2010), homeowners are allowed to fish and keep the fish at the pond.

Contact anyone on the board with any questions or issues.

Sincerely,  
The MHOA Board
